## INTEGRATIONS

and 20 more...

UNLOCK THE POWER OF DATA & AI FOR UNMATCHED GROWTH & EFFICIENCY

# FEATURES

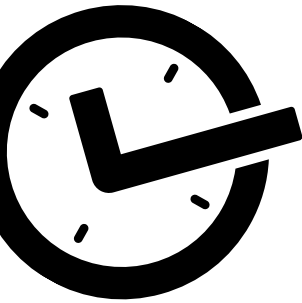

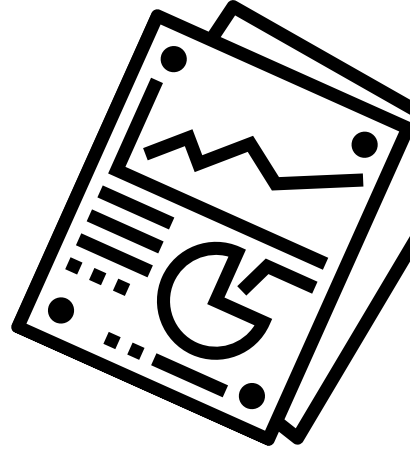

## LIVE DASHBOARD

Visualize KPIs and track business growth through an AI-driven dashboard, keeping you informed at a glance.

## REPORT GENERATOR

Automated audit and data analysis reports, saving you thousands of dollars typically spent on manual reports. Access for free after answering just 20-25 questions.

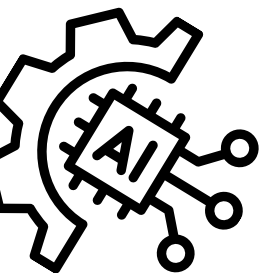

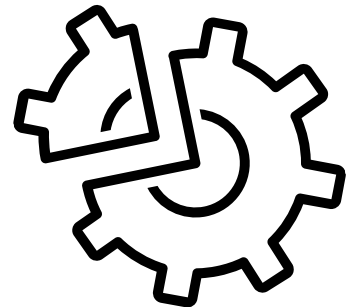

## REAL-TIME MONITORING

Track business growth, revenue generation, and key performance indicators in real time.

## CRM & ERP INTEGRATIONS

Seamlessly integrates with 30+ CRMs and ERPs to fetch data and provide AI-based recommendations for growth.

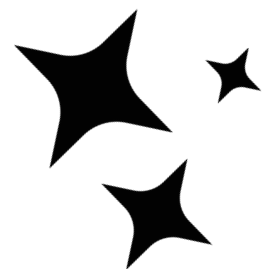

## AI SEARCH

Search for any question related to your company or industry and receive precise, actionable answers.

## CONOVUS AI

Industry-trained AI that uncovers insights and provides recommendations for smarter business decisions.

# OUR SOLUTIONS

**Revolutionize your decisions:** CONOVUS uses AI to uncover hidden trends, helping you make smarter, more strategic choices.

**Drive Operational Excellence:** Streamline processes and boost efficiency with tailored insights and recommendations.

**Scale and Innovate with Confidence:** CONOVUS provides the data and tools you need to grow and explore new opportunities.
